REPORT OF FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and losses this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90 per cent of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

(1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.

(2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.

(3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Sanbornton School Board:

I respectfully submit my fourth annual report as Superintendent of Schools for the Town of Sanbornton.

September, 1948, saw the schools opening with an enrollment of nearly twice the number of pupils who were in attendance when school closed in June. Many problems were created because of this situation which had not been anticipated when the budget for the school year was established. It is quite evident at this time that expenditures for the operation of schools for this school year will be in excess of the funds available. It was necessary that thirty-five additional chairs and desks be purchased in order to accommodate pupils at the Square School.

As is usually the case, many delays have been encountered in connection with the construction of the new school at Sanbornton Square. Material shortages, delays in delivery and other obstacles familiar to all who have attempted any building in recent years, made it impossible for the contractor to have the building available for this school year. Despite many delays, Sanbornton taxpayers can be reconciled by the fact that the school is being soundly constructed under the direction of a capable architect and that the workmanship throughout is of excellent quality. At this time it is not possible to predict when the building will be ready for occupancy, though surely it is safe to say that a new school year will find the pupils in attendance at their new building.

The increased enrollment presents problems in grade grouping for another year, and it seems fairly safe to assume that it will be best if the fifteen pupils

who will be in attendance at the eighth grade next year are sent to surrounding towns for their education. Present indications are that the following groups can be accommodated at the central school:

Grades I & II	22 Pupils
Grades II & III	26 Pupils
Grades IV & V	30 Pupils
Grades VI & VII	23 Pupils

Mrs. Anne P. Abbott was unable to return to school in September and her place was taken by Mrs. Glenn R. Chaffee. Mrs. Marion Joslyn was employed as teacher in the lower grades at the Square School. Mrs. Rosamond Pike accepted a position in Gilmanton and Mrs. Annette C. Larson agreed to teach the Bay School on a substitute basis.

Because of the uncertainty in regard to the program of State Aid, the School Board is not including a proposed budget in this report. By the time that the School District Meeting is held, it should be possible to ascertain what financial assistance will be forthcoming from the State.

Respectfully submitted,

DONALD W. DUNNAN
Superintendent of Schools
